LIST OF CONTENTS

VOLUME 155

Page

BAILEY, JULIE H. and HARRIS, M. P., Spirorbinae (Polychaeta: Serpulidae) of the Galapagos Islands 161

BAYNE, CHRISTOPHER J., A study of the desiccation of egg capsules of eight gastropod species 401

BERKOVITZ, B. K. B., Supernumerary deciduous incisors and the order of eruption of the incisor teeth in the albino ferret 445

BERRY, R. J. and CROTHERS, J. H., Stabilizing selection in the dog-whelk (*Nucella lapillus*) 5

BERRY, R. J. and TRUSLOVE, GILLIAN M., Age and eye lens weight in the House mouse 247

BURCHARD, JOHN E., JR., Observations on *Phago loricatus*, an ectoparasitic fish from the Niger Delta region of West Africa 1

CAVE, A. J. E., The hyoid arch of *Solenodon cubanus* 451

CHAPMAN, D. I. and HORWOOD, M. T., Pregnancy in a Sika deer calf, *Cervus nippon* 227

CHAPLIN, R. E. and ATKINSON, J., The occurrence of upper canine teeth in Roe deer (*Capreolus capreolus*) from England and Scotland 141

CLEVEDON BROWN, J. and TWIGG, G. I., Hip dislocation in feral mink . . . 244

DAGG, ANNE INNIS and DE VOS, ANTOON, Fast gaits of pecoran species . . 499

DAGG, ANNE INNIS and DE VOS, ANTOON, The walking gaits of some species of Pecora 103

DAY, M. G., Food habits of British stoats (*Mustela erminea*) and weasels (*Mustela nivalis*) 485

ELDRIDGE, M. J., Some observations on *Apodemus sylvaticus* and *Clethrionomys glareolus* using the method of live trapping 231

*ELKAN, E., Mucopolysaccharides in the anuran defence against desiccation . . 19

ELLIOTT, J. M., The daily activity patterns of mayfly nymphs (Ephemeroptera) . 201

FOSTER, J. B. and COE, M. J., The biomass of game animals in Nairobi National Park, 1960–66 413

HEWER, H. R. and BACKHOUSE, K. M., Embryology and foetal growth of the Grey seal, *Halichoerus grypus* 507

HUTCHISON, ROSEMARY E., HINDE, R. A. and BENDON, B., Oviduct development and its relation to other aspects of reproduction in domesticated canaries . 87

* Unpublished illustrations relevant to this paper have been deposited in the General Library, British Museum (Nat. Hist.), London.

JAMIESON, B. G. M., A taxonometric investigation of the Alluroididae (Oligochaeta) 55
KEAST, A., Moult in birds of the Australian dry country relative to rainfall and breeding 185
LLOYD, H. G., Observations on nut selection by a hand-reared Grey squirrel (*Sciurus carolinensis*) 240
LLOYD, J. R., Factors affecting the emergence times of the badger (*Meles meles*) in Britain 223
LOFTS, B. and MURTON, R. K., Photoperiodic and physiological adaptations regulating avian breeding cycles and their ecological significance 327
MCDOUGALL, E. I. and LOWE, V. P. W., Transferrin polymorphism and serum proteins of some British deer 131
MESSENGER, J. B., Aberrant egg-laying in the cuttlefish: a note 157
MORRIS, P. A. Apparent hypothermia in the Wood mouse (*Apodemus sylvaticus*) . 235
Notes from the Mammal Society—No. 16 223
PHIPPS, JOHN, Laboratory studies on the locomotor activity of *Coryphosima stenoptera* and other West African Acrididae (Insecta: Orthoptera) 395
PIKE, ALAN W., The distribution and incidence of larval trematodes in the freshwater fauna of the Wentloog level, South Wales 293
PILLAI, N. KRISHNA, Redescription of *Petalophthalmus oculatus* (Crustacea: Mysidacea) based on an adult female collected from near the type locality . . . 283
PLOMLEY, N. J. B., Numbers of flying fish observed during three voyages across the Indian Ocean 111
ROWELL, T. E., NASAR, A. DIN and OMAR, ALI, The social development of baboons in their first three months 461
SHIELD, JOHN, Reproduction of the quokka, *Setonix brachyurus* in captivity . . 427
STEBBINGS, R. E., Bechstein's bat (*Myotis bechsteini*) in Dorset 1966–67 . . 228
TATTERSALL, OLIVE S., A new species of *Petalophthalmus* (Mysidacea) based on specimens from off Puerto Rico, hitherto referred to *Petalophthalmus oculatus* 271
TAYLOR, JAN C., The use of marking points by Grey squirrels 246
TURNER, JOHN R. G., Some new *Heliconius* pupae: their taxonomic and evolutionary significance in relation to mimicry (Lepidoptera, Nymphalidae) . . 311
WALTON, K. C., The distribution of the polecat, *Putorius putorius* in Great Britain, 1963–67 237
WHITE, SHEILA J. and HINDE, R. A., Temporal relations of brood patch development, nest-building and egg-laying in domesticated canaries 145
WICKSTEAD, J. H., Temperate and tropical plankton; a quantititive comparison . 253
